

26th International Convention and Trade Show

April 7-12, 2011 Reno, Nevada
Peppermill Resort Spa Casino

CALL FOR ABSTRACTS

Put Your Skills, Knowledge, and Talents to Work for Your Profession

The 2011 RCI Annual Convention & Trade Show will be the premiere event for roofing, waterproofing, and exterior wall consultants and related professionals. We invite you to contribute to that experience by submitting an abstract for presentation in such areas as: materials performance, forensic investigation, research, business management, case studies or environmental effects. If you are interested in presenting a paper detailing your original research or innovative technology, an exploration of professional concepts or issues, or an instructive session on issues affecting the construction industry, contact RCI as outlined below.

If your abstract is chosen, you will be asked to write a paper for presentation at the convention and subsequent publication in the *Proceedings*. You will receive continuing educational hours, recognition in *Interface*, and international acknowledgment of your knowledge and expertise.

The Annual Convention will be of interest to roofing, waterproofing, and exterior wall consultants; architects; engineers; facility managers; developers; property owners and managers; construction managers; code officials; policy makers and officials; and general contractors.

SUGGESTED TOPICS

RESEARCH:

- ◆ Materials research
- ◆ Procedures research
- ◆ Techniques research

Information supported by data collected and analyzed in a rigorous, impartial, and non-proprietary fashion. Concentration on futuristic technology trends, if possible.

MATERIALS PERFORMANCE:

- ◆ Techniques and procedures
- ◆ Issues of importance to professionals
- ◆ Code implications

Issues and project implementation concepts of value to the industry.

CASE STUDIES:

- ◆ Steep slope
- ◆ Low slope
- ◆ Plaza Decks
- ◆ Below-Grade Waterproofing
- ◆ Exterior Walls

Discuss unique and special project goals, solutions and construction processes.

BUSINESS:

- ◆ Contractual issues
- ◆ Human resources
- ◆ Economic issues
- ◆ Computer systems and use

Information of use to consultants in the course of their business (particularly new technology).

FORENSIC INVESTIGATION:

- ◆ Roofing
- ◆ Waterproofing
- ◆ Walls & fenestrations

ENVIRONMENT:

- ◆ LEED Implications and applications
- ◆ Cool and garden roofs
- ◆ Mold
- ◆ Sustainability - getting it right the first time
- ◆ Energy

Issues of liability and those that affect roofing, waterproofing, and exterior wall systems.

AUTHOR INSTRUCTIONS

Contact RCI for a copy of the *Abstract Submittal Form* and *RCI Guidelines for Presentations*, complete directions on formatting and acceptable disk formats for abstracts and papers. Abstracts (200 words) are due in the RCI headquarters by **May 24, 2010** for peer review. Authors of accepted abstracts will be notified by **July 5, 2010**. If accepted, papers are due by **August 27, 2010**.

NOTE: Papers and abstracts accepted for presentation may subsequently be published in RCI publications. RCI reserves the right of first publication of all submitted materials accepted for presentation at any event sponsored by RCI and maintains the copyright thereafter. All submitted abstracts and papers must be original to the author and not previously published or presented nor scheduled for publication or presentation in any other publication or venue. Exceptions may be granted at the discretion of RCI.

Send abstracts to:
