

FOR IMMEDIATE RELEASE | June 28, 2010

**RCI, Inc. and the SWR Institute to Offer Webinar Series:
*Air Barriers: Condensation, Water Intrusion and Energy Efficiency***

(Raleigh, NC) – In July, RCI, Inc. and the Sealant, Waterproofing & Restoration Institute (SWRIInstitute) will release the first in a series of several collaborative Webinar programs.

Air Barriers: Condensation, Water Intrusion and Energy Efficiency is a two part Webinar series. Part one will be broadcast Tuesday, July 20, 2010 and part two will be hosted Tuesday, July 27, 2010. Both segments will run from 1:00 – 2:00 PM (EDT).

Air Barriers: Condensation, Water Intrusion and Energy Efficiency will focus on the critical performance of air barrier systems in building envelopes.

Participants will receive one hour of AIA/CES and RCI CEH credit per Webinar.

Moderators for both Web sessions will be David Boyer of PROSOCO, Inc. and Kami Farahmandpour of Building Technology Consultants, PC.

A strategic alliance between RCI and SWRIInstitute furthers the goals of both organizations – to promote standards for those involved with sealants, waterproofing, building exteriors and restoration.

For more information regarding specific content and registration for these programs, visit:
<http://www.swrionline.org/program/Webinar.asp>.

RCI and SWRIInstitute have begun collectively developing educational documents and programs for sealant, waterproofing, building exterior, and restoration practitioners. For more information on these professional groups, visit: www.rci-online.org and www.swrionline.org.

SWRIInstitute

SWRIInstitute is an international trade association that represents the commercial sealant, waterproofing and restoration construction industry. With over 260 member companies, SWRIInstitute's membership represents some of the most experienced and qualified contractors, manufacturers and design professionals in the industry. Through educational programs and publications, SWRIInstitute members promote industry-wide standards of application and products.

RCI, Inc.

RCI Inc. is an international association of professional consultants, architects, and engineers who specialize in the specification and design of roofing, waterproofing, and exterior wall systems. RCI regularly hosts educational programs designed to demystify and explain the application of building envelope technologies.
