**RCI's Building Envelope Technology Symposium Draws Over 200 Attendees**

San Diego, CA – Building designers, facility managers and construction professionals from across North America gathered October 26-27, 2009 at the Loews Coronado Bay Resort in San Diego, CA to hear leading experts discuss the science of designing better buildings.

The two-day program featured 12 different educational sessions presented by leading building envelope designers.

RCI is an international association of professional consultants, architects, and engineers who specialize in the specification and design of roofing, waterproofing, and exterior wall systems. RCI regularly hosts education programs designed to demystify and explain the application of building envelope technologies. For more information about RCI, visit [www.rci-online.org](http://www.rci-online.org) or call 800-828-1902.
